will proceed to an afternoon game drive and watch the sunset or stay at the camp to relax.

Maasai Mara is an extension of the Serengeti ecosystem to the south. The Mara is noted for its abundance of lions – particularly the superb black-maned males. See the Great Migration, where over 1.5 million wildebeest and other antelopes cross the extensive Mara River. Experience the battle between survival and hunger and how life in the savanna constantly moves. You are also likely to see many elephants here, often in large herds, and – if you're lucky leopard, cheetah, and rhino. All of the Big Five are residents of this area. The African buffalo isn't shy, so you'll surely meet a few. Get the cameras ready and enjoy yourselves! In the evening, visit a Maasai village.
